VOLUME 4, NÚMERO 1 (2018)

The Journal of Institutional Studies is pleased to announce the publication of its newest issue. With it, we intend to make available to the legal community a set of works of true academic excellence. We take this opportunity to express our deep gratitude to the confidence of authors, evaluators and readers who interact with the journal. You are our greatest motivation.

This issue has a dossier entirely dedicated to Fiscal Federalism. There are eight contributions that can certainly raise the level of the debate about Federalism in Brazil. The section of scientific articles is composed of nine manuscripts that deepen the academic analyzes and foment the discussion in the scope of their respective themes.

Thus, the Journal of Institutional Studies, with the certainty that it has met the expectations of the academic community, scientific accuracy and high quality of the work, wishes everyone a useful reading!
